

AAOMPT Poster Session

Poster Number	Poster Title	Author
1	Effects of Acromioclavicular Joint Manipulation on Shoulder Pain, Range of Motion and Outcomes: Case Series	Cynthia Jacobson
2	The Effect of the Spinal Manipulation “Audible Pop” on Brain Wave Activity	Rob Sillevs
3	The Short-Term Effects of Manual Lymphatic Drainage (MLD) on a Patient Following a Total Knee Arthroplasty (TKA): A Case Report	Thomas Olesko
4	Pain Neuroscience Education and Manual Therapy for Patients with Persistent Low Back Pain: A Scoping Review	Jason Guennel
5	Utilizing Manual Therapy Techniques at the Spine and Specific Exercise to Treat Chronic Elbow Pain: A Case Report	Steffan Ihegboro
6	Blood Flow Restriction, Strength, and Power Training in the Management of Chronic Ankle Instability in a Recreational Runner	Kyle Buckham
7	Manual Therapy for Persistent Postural-Perceptual Dizziness: Case Series	Larry Steinbeck
8	Proximal Radioulnar Synostosis-An Unexpected Discovery Following Distal Biceps Brachii Tendon Repair: A Case Report	Mark Bertch
9	Physical Therapy Management of an Older, Female Adult with Low Back Pain Complicated by Eagle-Barrett Syndrome: A Case Report.	Bryan Tachibana
10	Multiple Sclerosis Masking as Lumbar Radiculopathy	Jeremy Jackson
11	Management of Neck Pain with Radiating Pain in the Sedentary Worker- A Case Study	Miller Williams
12	Management of Persistent Post-Mastectomy Pain Using a Multimodal Approach: A Case Report	Adam Peetz
13	Strains Within the Iliofemoral Ligament During the FABER Test: A Segmental and Cadaveric Approach	Marc-Olivier St-Pierre
14	Differential diagnosis and management of lumbar compression fracture: a case report	Thomas Eck
15	The Differential Diagnoses of Anterior Tibialis Tendinopathy Versus Lumbar Radiculitis in a 34-Year-Old Runner: A Case Report	Peter Bowman
16	"A Real Pain in the Arm" Shoulder Injury Related to Vaccine Administration (Sirva): A Case Study	Anthony Carroll

17	Isometrics for Exercise-Induced Hypoalgesia with an Individual with Patellofemoral Pain Syndrome	Patrick Pham
18	Back To Pickleball, A Case Report	Jared Kipnis
19	Graded Motor Imagery After Distal Radius Fracture Improves Pain-Free Rom and Decreases Self-Reported Fear Avoidance	Frederick Maurin
20	Shared Decision Making in the Management of an Isolated Flexor Hallucis Brevis Rupture and Surgical Repair and Revision in a Collegiate Wrestler	Jeffrey Paskewitz
21	Elbow Dislocation with Anterior Interosseous Nerve Palsy in a 16-Year-Old Male Athlete: A Case Report	Taylor Zelitsky
22	Mirror Box Therapy for Distal Sensory Deficits of the 1st Digit: A Case Report	Hunter Handel
23	Manual Therapy Treatment of Painful Coccyx: A Case Report	Jason Villarin
24	Second Sternocostal Joint High Velocity Low Amplitude Manipulation for The Immediate Relief of Chest and Axillary Radicular Pain: A Case Report	Ali El-Kerdi
25	Utilizing Directional Preference in the Management Cervicogenic Headache: A Case Series	Ronald Schenk
26	The Effect of Cervical Joint Mobilizations on the Self-Reported Voice Quality and Function in a Patient with Cervical Dysphonia	Tatiana Malkina
27	Improvements Seen in Muscle Activation and Shoulder Mobility Following Infraspinatus Manipulation in a Healthy Population	Tristan Barrera
28	Using Symptom Irritability to Guide Management of Cervical Radiculopathy: A Case Report	Rashi Anand
29	Introducing The Global Movement System Model – Outcomes Following Comprehensive Management of an Elite Athlete with Persistent Low Back Pain: A Theory to Practice Case Report	Mark Erickson
30	Identifying Fibular Head Dysfunction from Chronic Exertional Compartment Syndrome: A Case Study	Emily Sing
31	Apparent Bilateral Foot Drop in a 9 Year Old Post COVID-19 Infection: A Case Report	Keeley Knobloch
32	Acute Development of Cervicogenic Dizziness Immediately Following Treatment of Unilateral Vestibular Hypofunction: A Case Report	Kailie Hazer

33	A Pain Mechanisms Approach in The Successful Management of a Patient with a History of Cerebrovascular Accident and Lower Extremity Pain	Renzo Mendoza
34	Manual Therapy of the Cervical Spine and Temporomandibular Region for Successful Management of Trismus Following Maxillofacial Reconstruction and Craniocervical Radiation	Renzo Mendoza
35	Manual therapy and Exercise for the Management of Notalgia Paresthetica: A Case Report	James Curtis
36	Lumbar Radiculitis and Onset Of Symptomatic Hip Osteoarthritis After Acute Fall in Geriatric Runner: A Case Study	Jill Sparkes
37	Integration Of Pain Neuroscience Education and Graded Motor Imagery With Manual Techniques For A Patient With Chronic Hip And Low Back Pain: A Case Report	Hannah Blaske
38	Thrust and Non-Thrust Manipulation at the Thoracic Spine to Improve Multi-Quadrant Pain and Paresthesia in a Patient Post Covid-19 Vaccination	David Hurley
39	Utilization of the Clinical Practice Guidelines and Physical Therapy Interprofessional Collaboration for a Patient with Whiplash Associated Disorder: A Case Report	Christa Smith
40	Clinician Treatment Adherence for Physical Therapy Clinical Practice Guideline Recommendations for Mechanical Neck Pain: A Retrospective Chart Review	Anthony Baumann
41	Differential Diagnosis of Plantar Heel Pain of Lumbar Origin in a 9-Year-Old Female: A Case Report	Amanda Montbriand
42	Physical Therapist Referral for Multidisciplinary Management of Patient with Undiagnosed Diabetic Amyotrophy: A Case Report	Michael Cropes
43	Cervical Spine Mobilization and Exercise in a Patient with Chronic Post-Stroke Shoulder Pain: A Case Report	Joseph Alexander
44	Differential Diagnosis and Treatment Using Thrust Manipulation of a Patient with Clavicular and Scapular Pain: A Case Study	Katherine Zisk
45	Back to the Emergency Room: A Case Series Demonstrating the Clinical Reasoning Behind Cellulitis	Sarah McAuliffe

46	Thoracic Somatic Referral in a Patient Presenting with Isolated Subacromial Pain: A Case Report	Jesse Anderson
47	Lumbar Mobilization at Endrange Extension as an Effective Treatment Approach for Recurrent Low Back and Leg Pain After Lumbar Discectomy	Brianna DeBiasi
48	Physical Therapist Management of a Patient with Chronic Temporomandibular Disorder (TMD) Following Buccal Mucosa Urethroplasty: A Case Report	Jesse Anderson
49	Hypothesis Driven Diagnosis and Treatment to Successfully Manage a Patient with Medial Elbow Pain: A Fellow's Case Report	Meredith Atkenson
50	Clinically Reasoning the Multifactorial Central Mechanisms Contributing to Chronic Orofacial and Cervical Spine Pains Following Tooth Extraction: A Case Report	Matthew Lee
51	Physical Therapy Management of a Patient with Tibialis Anterior Herniation Secondary to Trauma: A Case Report	Heather Disney
52	What is the Relationship Between the Number of PT Visits and Post-Operative Outcomes Following Lumbar or Cervical Surgery?	Kevin Maloney
53	Predictors Associated with Revision Surgery for Patients with Low Back Pain	Caitlyn Lang
54	Differential Diagnosis and Physical Therapy Management of T4 Syndrome: A Case Report	Gina Gatmaytan
55	Can Disc Herniations Heal? Absolutely	Sean Harris
56	A Rare Case of Iliopsoas Bursitis: A Framework for Clinical Reasoning	Sheryl Comet
57	Latent Tuberculosis: An Ongoing Barrier to Advancing Professional Clinical Education and Employment? Timeline And Challenges from Entry Level Education Through Fellowship Training	Michael Griggs
58	The Effect of Lumbar Intervention on Cuboid Syndrome in a Dancer: Neurological and Biomechanical Implications Within a Clinical Reasoning Approach	Alan Lam
59	Pain Neuroscience Education May Enhance the Effects of Manual Therapy in Patients with Low Back Pain: A Scoping Review	Steve Karas
60	Practical Use of the International Classification of Headache Disorders, 3rd Edition, in the Diagnostic Process for a Patient Presenting with Mixed-Headache: A Case Report	Griffin Lee

61	Successful Management of Flexor Hallucis Longus Dysfunction In a Patient With Severe Midfoot Sprain - a Case Report	Michael Losensky
62	Modification Of Manual Therapy Techniques for a Patient S/P C4-C6 Anterior Cervical Interbody Fusion with Cervical Radiculopathy: A Case Report	Meghan Nolting
63	Utilization of Manual Therapy and Pain Neuroscience Education in the Management of a Patient with Chronic Ankle Instability: A Case Report	Carter Bernier
64	The Use of Manual Assessment and Advanced Imaging to Diagnose an Individual with a Facet Cyst	John Castro
65	Impact of a Sensorimotor Manual Facilitation Approach to Address Exercise-Associated Muscle Cramping of a High School Athlete While in Game: A Case Study	Jeffrey Fairley
66	A Root-Cause Approach for Shoulder Pain in the Adult Population	Ethan Brown
